7 November 2013

Dea Sir/Madam

We at Hillcrest are very excited and privilege to be chosen for this project since we are a disadvantage school situated in a poor socio-economic area.

We are very excited with the presentation that SA memory institute did at our school. The quality of the program and benefits that the scholars will reap convinced us to do everything in our power to offer them the opportunity to participate in this program.

We realized that we cannot do it because we have limited funds and the parents cannot pay for the program. We appeal to you to support our school to develop our scholars and know it will be an investment for the future.

SA memory institute indicated to us that they will approach your company to sponsor the program on our behalf.

We want to thank you for this wonderful opportunity knowing that you will invest in the learners of our school, that they could be part of your company in the near future.
